Lavish

About Lavish

Tritera introduces a groundbreaking product, Lavish, which revolutionizes vegan leather with its water-based lacquer, offering a genuine leather feel. Unlike PU leather, Lavish boasts durability and resilience. Its brushed knitted back enhances softness and flexibility, making it ideal for furniture and automotive applications. With its water-based lacquer, Lavish ensures superior scratch resistance, guaranteeing protection from nails and clothing wear. Tritera's commitment to innovation ensures continuous evolution.
